

THE SPIRIT OF CHALLENGING AESTHETICS

The iconic Convention & Exhibition Centre of Hong Kong, overlooking the bay, is home one year more for the international APLF and Materials + show. With over 1000 exhibitors, Spain enjoys a national pavilion composed of 12 companies, out of which 8 represent the tanning industry whilst the remainder as industry related. Strategically located in Hall 1, the companies will be challenging the aesthetics of fashion to showcase the Spring Summer collection.

The spirit of the collections exhibiting by the Spanish contingency challenge and address the fast-changing world of fashion with collections that have been carefully designed and created through partnerships with some of the best designers around the globe. Different approaches and innovative techniques are present.

Glazed kidskins, European calfskins, lambskins ... Nubuck, suede, aniline, nappa, stretch, splits, reversible. all of which have the spirit to challenge aesthetics through the rich colour palette and finishes. Embossed, waxed, brushed, micro-etchings, gloss, semi-gloss silicone silky, full or fine grain, patent that looks and feels like lacquer together interesting effects.

The colour range are extreme. From the classic palette of natural tonalities to soft pastels that accompany the sensations of spring to the vibrancy of summer to the uniqueness of a future where concerns for diversity, sustainability and tolerance are at the top of today's agenda.

Share the passion of the Spanish Companies and experience the uniqueness of CASAS I FILLS COMBALIA, INPELSA, INTERLEATHER, JOSÉ PÉREZ HERNÁNDEZ, MORERA PELL, RIBA GUIXÀ & VERDEVELENO, LEATHER QUÍMICA in Hall E1. OLCINA, TEXAPEL & QUIMSER in Hall A1.
